Welcome/Introductions	Judge Mullen	5
City's Signature Page for the Intergovernmental Cooperative Agreement - Status Update The CJCC's Intergovernmental Cooperative Agreement (ICA) contains signature pages for each of the named parties as outlined in Ordinance 71012. To date, the Circuit Attorney's Signature page has not been provided and the City's signature page is incomplete. The Office of the Comptroller of the City of St. Louis has repeatedly declined to countersign Mayor Krewson's signature on the City's signature page. Under Article XXV, Section 9 of the Charter of the City of St. Louis, the Comptroller's duty with respect to the execution of the City's contracts is set out. City Contracts that are not made by the Comptroller "shall be countersigned" by the Comptroller. Until the Comptroller fulfills their legally required obligation, the Mayor cannot submit the City's signature page to the Register, as mandated by the Charter.	Shannon Dunham/ Greg Ramos	10
Jail Utilization Assessment The CJCC was designed to serve the City in an impartial manner. Debbie Allen was specifically brought to the City for this reason, too. Judge Mullen in his role as the Chair of the CJCC has directed Ms. Allen to lead an impartial assessment of the utilization of the City's jails. Sherman & Howard, L.L.C. as well as SEARCH, the National Consortium for Justice Information and Statistics, both on contract to support the CJCC, will support Ms. Allen's work with respect to establishing the required sharing agreements with the relevant data owners and conducting relevant data analysis. The report is expected to be completed in 30 days.	Judge Mullen	20
Board Bill 92 – Closure of the Medium Security Institution Sponsored by President Reed and Alderman John Collins-Muhammad BB 92 "would direct the Commissioner of Corrections to begin the process of closing the St. Louis City Medium Security Institution (MSI), also known as the Workhouse, as a detainee center." It further "direct[s] the Commissioner of Corrections to contact surrounding facilities to determine the per day cost of outsourcing the housing detainees in St. Louis City custody." *** and "requires the Department of Health to develop criteria for the hiring of social workers to be assigned to detainees with mental health issues and their families, and to be employees of a newly formed Division of Recidivism Reduction." It is designed to use any possible savings to "create a fund to be allocated to neighborhoods with high violent crime rates to be appropriated annually through neighborhood participatory budgeting process." There are provisions for the Commissioner of Corrections to seek alternative housing for those detainees in our jails as a result of contract (would include federal prisoners) and to develop a plan for the closure of MSI in 45 days and the closure within 180 days. Most directly applicable to the CJCC: SECTION EIGHT. Criminal Justice Coordinating Council The criminal Justice Coordinating Council, established by ordinance 71012, is directed to assist in the closure of MSI and provide data as requested by the Public Safety Committee or any division of St. Louis City government as necessary in fulfilling the directives contained in this Ordinance. <p>Medication Consistency Pilot Initiative</p> <p>By having continuous access to the same set of effective medications, including psychotropic medications, individuals are more likely to maintain mental wellness and succeed in the transitioning between the criminal justice system and mental health providers. The Medication Consistency Initiative would work to strengthen consistency across settings through the following efforts:</p> <ul style="list-style-type: none"> • Establish an agreed upon medication formulary for which the jail and community-based providers would script for among the justice-involved population • Decreasing overall costs of treatment through cooperative purchasing agreements with the jail and community-based providers serving the justice-involved population • Promote reinvesting savings into school-based health clinics in underserved communities in the City 	<p>Debbie Allen</p>	<p>20</p>
